

## Online Bible Study Servant

If you are just joining us this Sunday, we would love for you to first complete the “Seeker” and “Student” devotionals, which can be found on the current series (S3) main page. If you do not have a copy of the S3 booklet from Sunday, please download the pdf version, also available on the previous page.

Jesus calls us to “follow Him” as His disciples, ever learning to become more like Him. Jesus calls us to surrender ourselves fully to Him, and to allow Him to live through us. Jesus also calls us to be servants.

Read and reflect on Philippians 2:3–8. Jesus was the ultimate servant—even unto death. Choosing to be a disciple of Jesus leads us to the cross as well. No matter where you are in your spiritual journey, following Jesus means dying to yourself and allowing Christ to live out His life through you.

Take some time to work through the “So What” and “Dig Deeper” sections of the Servant pages. Consider writing your answers directly onto your copy of the booklet.

Now turn to the last section in your booklet, the one with the large tree image in the center. Reflect on what kinds of steps you are currently taking in your spiritual journey. In what ways are you creating space for Jesus to work in your heart? What programs and practices are you committed to that are helping you to grow? Next, answer this question: what steps is He calling you to take? Identify those steps from the list on the right hand page.

Spend a few moments thanking Jesus for being the ultimate servant, and for laying down His life for you. Ask for the strength to surrender your life to Him today, and allow Him to live out the servant–life through you.

If you have any questions regarding the journey “steps” listed in your S3 booklet, feel free to contact the church office and 678.290.7830.
