# NORTH METRO CHURCH

---

## Message Content

### MESSAGE OVERVIEW

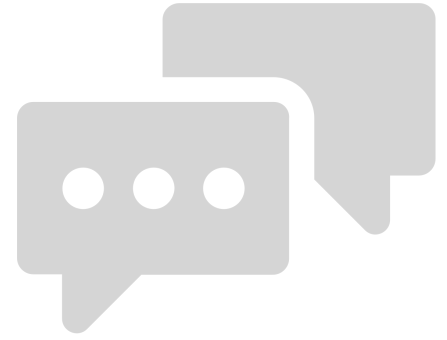

## Asking for a Friend

In this six week series, we are answering questions submitted from our church family that they are either asking or have heard others ask regarding faith, Jesus and the Bible. Some examples of the questions we will be covering are:

"Can the Bible be trusted", "How can I trust the church when there have been so many recent scandals", and "Do all religions lead to God"?

LET'S DISCUSS

# Asking for a friend – week 4

---

## Discussion Questions

What was something that stood out to you from this message?

How do you think Jesus feels about the sin and scandals that has plagued the church since the creation of the church?

What is Jesus' desire for the church (universal and local)?

It's been said that you are either part of the problem or the solution. In light of that, what role can you and I play in the church moving forward in the way Jesus intended for it to move forward?

Looking back at this message and discussion, what is one thing that you would like to remember?
