

## Frequently Asked Questions

---

### Who is Re|engage for?

Every marriage has room for improvement. Re|engage is for any married couple (man and woman) who wants to improve their relationship—from those who have a great marriage and want to keep it great to those who are struggling and can't seem to get back on track. Re|engage gives you a safe place to work on your relationship together.

### Do we have to attend North Metro Church to participate?

No. We are excited to offer Re|engage to our NMC family members as well as our surrounding local community.

### Where do we meet and for how long?

Re|engage is offered twice a year, starting in January and August. We gather in a large and small group format at North Metro Church for a two-hour period each week.

### How many sessions are there, and how long are they?

There are 14 sessions per semester, and we meet for two hours once a week. Meeting days and times can vary by semester.

### What should we expect when we get there?

We will start with a time of worship, prayer, and either watch a video testimony or experience a live testimony by a couple who has experienced hope or restoration in the midst of hard times in their lives. We will then be dismissed to small groups to discuss the weekly curriculum topic.

### Who are the Re|engage facilitators?

Our facilitators are trained tablesetters who have personally benefited from Re|engage and want to give back. They are not just passionate about marriage; they are passionate about your marriage. The facilitator couples demonstrate maturity in their relationship with God and wisdom in their marriage.

### What curriculum do you use?

We use a curriculum written by Watermark Community Church with weekly topics that outline how God designed marriage to be a supportive, loving, life-giving relationship that mirrors His unconditional love for us. Re|engage helps you better understand that design and learn how to apply it to your own marriage.

### How much does Re|engage cost?

The \$65 registration fee includes two Re|engage workbooks.

### Is childcare available?

Yes! We offer onsite childcare with required registration for children (infants through 5th grade) at a minimal cost. Please plan to arrive a few minutes early for the drop-off process.

Please let us know if the cost may prohibit you from investing in your marriage; we are here to help!
